

In response to the spread of COVID-19 across North America's health systems, MEMOTEXT has developed a clinical-grade COVID-19 digital engagement response tool for outreach, assessment, and follow-up.

COVID-19 *RapidResponse* is a rapidly customizable SMS/IVR (robocall) and web-based tool that can adapt to risk, volume, and specific protocol needs. This tool can be used to engage with employees to connect, assess health needs, and provide recommendations for resources to support physical and mental health. The customizable dashboard tracks progress and helps surface insights for providers, clinicians, and employers.

1 Automated Assessment Outreach

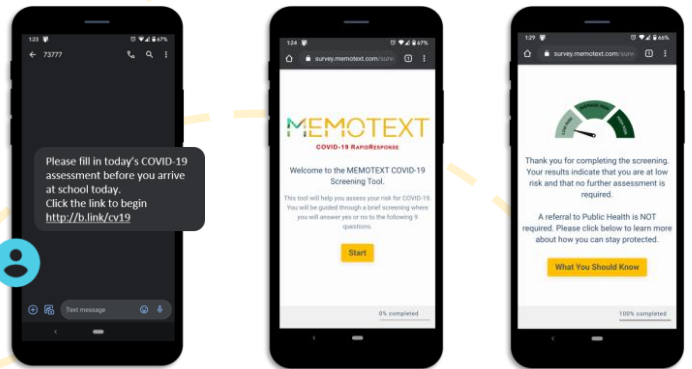

- COVID-19 Risk and Symptom Assessment
- + Mental Health and Wellness Assessments
- + Health and Safety Preparation/Education

2 Monitor Employee Status

- Operational Dashboard of Employee Status and Insights
- + Predictive Analytics for Staffing Requirements
- + Employee Scheduling and Shift-Coordination

3 Personalized Follow-up

- Company Policies + Regional Health Guidelines
- + Employee Level Immediate Actions
- + Direct to Available Employee Resources

Employee List

Add New Employee

Employee ID	Name	COVID-19 Screen	Date Completed	Follow-Up	Options
165132	Charles	High-Risk	2020-04-15 10:34:20	Yes	...
